

STRATA X UNIBOARD

This edition of the STRATA collection is the result of a collaboration with UNIBOARD CANADA. It is an easy to install architectural panel system, used as a decorative architectural element for interior decoration purposes and specially designed for kitchen designers and cabinet makers. Lightweight panels create a beautiful, natural effect. This edition of the STRATA collection is offered in high-quality thermofused laminate (TFL) veneers covering black or natural MDF-type chipboard. Panels from the STRATA collection, in collaboration with UNIBOARD CANADA, with its realistic and luxurious colors and textures, create endless designs for residential and commercial projects.
